

Co-ops In Action

Chariton Valley and Macon Electric Cooperative have joined forces to positively impact our communities with the 'Co-ops In Action' program. Together we dedicate time and employees to tackle work projects for the communities we serve.

How it works:

- Community leaders submit a Project Request Form. (PRF)
- If the request is approved, a Volunteer Work Day is established.
- Macon Electric Cooperative and Chariton Valley employees work together to accomplish selected projects.
- Find more information and the PRF online at:
